

# THE LAMP LOCKER

## BESPOKE LIGHTING SOLUTIONS

Move forward to the latest tailored system that encompassed every lamping issue your company may encounter. From supply, storage and disposal The Lamp Locker supply chain can meet all your demands.

The Lamp Locker provides individual bespoke solution to all aspects of the supply and disposal of both commercial and domestic lamps. It also most importantly ensures total compliance with current WEEE directives.

### The Problem

- Insufficient lamps on site
- Incorrect lamps ordered
- Poor quality lamps damaging fittings
- Reactive ordering
- In house decision making on ordering
- High prices paid to local retailers
- Incorrect disposal of lamps
- No waste transfer information on site

### The Solution

The LampLocker provides;

- Individual site surveys.
- Supply of lockable Biocoted storage units
- Regular stock replenishment
- Supply of CE approved lamps only
- Regular disposal of waste
- On site crushing where required
- WEEE compliant waste transfer notes supplied

### In Summary

One of the ongoing issues on any large site can be the ordering and stock control of lamps. As the government continually imposes more and more legislation on, energy reduction, carbon emissions and disposal of waste, The Lamp Locker provides a simple cost effective answer to a continuing problem.

## Compliance
